Results-focused software developer professional with good experience in development and testing. Well-versed in promoting objective-oriented approaches to real-time software development. I made my first Android app and put it on Play Store when i was only 16 and since then i've never stopped improving my knlowedge. I'm a detail-oriented, organized and meticulous employee. Works at fast pace to meet tight deadlines. Enthusiastic team player ready to contribute to company success.

Work History

- present **Software developer**

Pisa

- Developed native Android apps, mainly tools made to improve everyday life. Most of my projects are currently availble on Google Play Store.
- Developed software for desktop and mobile operating systems.
- Designed reusable and reliable code for use within distributed cloud environments.

- present **Web developer**

Pisa

- Leveraged strong understanding of WordPress core to manipulate admin and theme components.
- Delivered quality commercial websites that met coding standards and cross-browser compatibilities.
- Installed required plugins and additional coding to fit final design and functionality requirements.
- Deep understanding of e-commerce environments such as Woocommerce, magento, prestahop or similar.

Education

- present **Computer Science, Bachelor degree**

Università di Pisa, Pisa

2014-09 - 2019-06 **Perito tecnico informatico, High School diploma**

I.I.S.S Augusto Righi, Taranto

High school diploma in Internet and Computer technologies whith a score of 92/100
